

DO YOU WANT TO SAVE MONEY ON PRESCRIPTION DRUGS? YES.

Extra help is available for people with Medicare who meet certain income and resource requirements. This help will pay for all or most of your monthly premiums, annual deductibles, and lower the co-payments related to your Part D prescription plan.

YOU CAN SAVE THOUSANDS OF DOLLARS.

Your monthly income must be less than \$1,320 (1 person household) or \$1,770 (2 person household). These limits go up each year.

If you live in a larger household or if some of your income is from work, you may qualify even if you have an income higher than these limits.

YOU MUST APPLY TO QUALIFY.
